

# Garden Window

## Brighten Up Your Day!

### ENGINEERED FOR BEAUTY, STRENGTH AND EASE OF OPERATION

When B.F. Rich decided to produce a vinyl garden window, we went to the source, homeowners like you, to find out what would best meet today's needs. We designed our garden window from the inside out with the features you found most important. Our built in standard features maximize the window's glass area, provide easy access to window handles and a self-locking system to assure smooth and convenient operation for years to come.

#### B.F. RICH GARDEN WINDOWS COME WITH THESE STANDARD FEATURES:

- Strong yet compact two-piece master frame assembly for maximum glass-to-vinyl ratio
- Each window is custom built to ensure exact fit\*
- Conveniently located vent window handles
- Secure multi-point, *Sure-Lock*, self-locking system
- Built-in water drainage system
- Engineered for maximum support and strength
- Full 7/8-inch double glazing with "Warm Edge" energy-saving sealing system
- Standard 5/4-inch wood veneer buck and seat board
- Trapezoidal side vent windows with screens
- Primed wood supports included with all units
- Color choice: White or Beige

\* Minimum width 24" Minimum height 26"  
Maximum width 84" Maximum height 72"

#### CUSTOM OPTIONS AVAILABLE:

- Low- E glass with argon gas insulation
